

# Reflexions Cards

*A gift to use  
with kindness.*

1. Issue
2. Process
3. Outcome

*Blessings from the  
Curators of the  
Reflexions Cards!*

A quick and simple reading can be done with just the 3 cards above.  
Include the following 4 cards for more clarity and insight:

4. Emotional Aspect of the Issue
5. Physical Aspect of the Issue
6. Mental Aspect of the Issue  
~Consciousness or What you are thinking about.
7. Spiritual Aspect of the Issue  
~Unconscious or What is awakening in you and through the Issue.

**Recommendations:** There is **no** one correct interpretation of the 72 individual cards. Trust your insight both intellectually and intuitively as to the story you see before you. Each person can see a different truth. It is always good to find out if you are reading for another what story they see in the cards.

The first card spread to start every reading, would answer this question:

*What does the Universe want me to know now?*
